There is only one position of District Attorney for Harris County. The District Attorney is responsible for enforcing the laws of the County, while keeping community safety and justice as top priorities. Whatever your political affiliations may be, this position impacts us all as it is the key to the security of the citizens of Harris County. On February 15th, 2008, the current District Attorney Charles Rosenthal resigned and Ms. Siegler is vying to fill the vacancy. Ms. Siegler is originally from a small town in Texas and has made Houston her home. She is known as a colorful crime-fighter and more information on her can be obtained from www.KellySiegler.com
